Use Zone: 30' 7" x 30' 10"

Enjoy watching as your children monkey around with the Go Bananas Play System by Sii. With its trapeze ring horizontal ladder, double parallel bar horizontal ladder, straight rung horizontal ladder, and 90-degree tri rung horizontal ladder, this unit is designed specifically for children who love to remain active. Each of the four overhead climbers can be easily reached from the central square deck. This structure does meet all safety standards including ASTM and CPSC. Customizable in a variety of different colors, the Go Bananas Playground System would be a lively addition to any play area.
