COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The Campus Kids Playground Structure is wheelchair accessible and an ideal choice for public parks and schools that include play equipment for ADA needs. The playground is accessed by multiple landing platforms and ramps. All decks and ramps are made from punched steel coated in your choice of textured polyethylene colors. Of the many activities included on the Campus Kids Playground Structure is a double wall straight slide and triple rail slide. A Zig-Zag Balance Beam allows entering the structure along with rubber mushrooms placed at an entrance. The multiple activities on the Campus Kids Playground Structure will keep kids busy during playtime activities. The sturdy 5-inch diameter posts come in your choice of colors. Contact AAA State of Play for more information on wheelchair accessible playground products.
