The Funnel Ball Game provides access to a classic playground activity. Funnel ball helps your children remain active and compete with each other. Children playing funnel ball can practice shooting and catching the ball, keeping score, sharing, counting, and playing together. Younger children have the opportunity to enhance their counting and catching abilities, while older kids can focus on teamwork and competitive social skills, all while expending excess energy in a productive and healthy manner.

This funnel ball playground equipment comes with a 3.5-inch-diameter, 9-foot-high galvanized post painted as shown, though you can also choose to buy just the funnel if that's all you need. It also comes with all necessary hardware. The posts are available in red, green, or unpainted metal, while the funnel comes in blue, green, red, tan, or yellow. The funnel is 32 inches high with a 42-inch top opening and 11-inch exit holes. This product ships in one box with the funnel (67 pounds) and one pole (31 pounds). The shipping lead time is eight to 12 weeks.
