

ADA Funhoop

MSRP \$687.00

SALE \$584.00

Age Group: 2 to 12 years

Footprint: 3' 2" x 3' 2"

Use Zone: No use zone required

The Wheelchair Accessible Funhoop provides interactive fun for children of varying abilities on the playground. The Funhoop top is a multi piece molded unit available as shown with yellow numbers on a blue hoop. The numbers allow children to create their own games. Balls are not included. The 12" chute openings allow for larger balls. The eight-foot pole after installation stands 5' high or lower (depending on your hole depth and desired hoop height).
