

Helicopter

MSRP \$1,594.00 SALE \$1,063.00

Age Group: 2 to 5 years

Footprint: 6' long x 2' 5" wide x 3' 10" high

Use Zone: 14' 5" x 18'

The Helicopter is a great playground unit, especially for young children. It allows them to explore flight and air travel through their own minds. Imaginations can soar high up in the sky as kids take off to any destination. This exciting piece of equipment can accommodate up to 4 children at one time. A bench seat is in the middle of the Helicopter and features a bar that provides a little back support as well as dividing the cockpit in half. Four plastic steering wheels turn easily, allowing children to have safe fun, flying through the skies. This item is easy to install and comes with mounting spikes. The Helicopter ships fully assembled so children will not have to wait very long to enjoy playing. This unit is powder coat painted in the following colors: blue, yellow, and red.
