

JennSwing Molded Swing Seat

MSRP \$594.00

SALE \$499.00

Highlights:

- Designed for those unable to use a traditional swing seat
- Stable and supported at four points
- Five point harness keeps children secure
- Made from molded plastic

Age Group: 2 to 12 years

The JennSwing molded swing seat is a full-body swing designed for special-needs children, from babies just beginning to sit up on their own to school-aged children weighing up to 125 pounds. This swing seat is designed to meet the Americans With Disabilities Act (ADA) guidelines for playground equipment and offers children with special needs the chance to experience the exhilaration of swinging.

The JennSwing ships complete with chains, S-hooks, and a safety harness, and it comes in a variety of colors. The JennSwing is available with chain lengths to accommodate 8-foot top rails. The swing seat's dimensions are 14 inches wide by 11 inches deep by 45 inches long; from seat to back is 24 inches, and from knee to foot is 14 inches. Replacement harnesses are available. Order yours today for just \$499, a savings of \$95 off the manufacturer's suggested retail price!
