Age Group: 2 to 12 years

With the JennSwing children will be safe, secure, and ready for hours of swinging fun. Constructed from a woven, water-resistant polypropylene with plastic side-release buckles, the harness is fully adjustable, comfortably securing a child by both shoulders and the waist. Multiple fasteners add extra security, while durable materials hold up to years of heavy, everyday use. The JennSwing also uses a five-point restraint system and comes in neutral black for a timeless and classic aesthetic. Pair the JennSwing Safety Harness with one of our swings designed for young children to add activity to your playground or daycare center. Our harnesses are quality and affordable, making them the ideal addition to your playspace.
