- Supported in three different areas at the back

Our Wall Mounted Backstop includes an aluminum fan backboard that is guaranteed for life. A wall mount basketball kit is ideal for areas that do not have available space for in-ground posts. The tripod design features goal to post mount for maximum strength with 3-1/2 inch OD main pipe and 1-5/8 inch OD pipe supports. Aluminum backstops are far superior to steel because they are twice as thick, half the weight, have better rebounds, and are rust free. This backstop set comes complete with our aluminum fan backboard, official goal, and nylon net.
