### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Lots to do and see while touring the Lake Powell Play System. Outfitted with multiple panels and attachments, children will always end up having a great time. A little alcove of ground activities is nestled next to the Tube Slide; providing children with fun without having to exert themselves. The Store Panel is loads of pretend fun, the Ship's Wheel is a gateway into an exciting world and the Bongos will put a pep in any child's step. The Vertical Ladder nearby extends to the Overhead Straight Rung Horizontal Ladder which makes getting to the slides an upper body workout. A Tic Tac Toe Panel awaits for those needing a break and some competition. Lastly, two different slides can carry willing kids to the ground quick as can be. The Lake Powell Play System is a party fashioned from plastic and steel.
