### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

There are more than two places to have fun on the Two Top Khamun Playground! With places at ground level and above, everyone is sure to find somewhere to play. Children can happily skip up the Pebble Climbers or grasp the handholds on the Arch Climber instead to get to the three slides. Two Straight Slides and a Right Turn Slide await for children to take their turn down them. The Bones Bridge positioned at 5-feet above the ground for added excitement. Those with an impatient streak will enjoy the quick route from Snake Climber to Straight Slide or the even faster route of Pebble Climber to Right Turn Slide and back again. The ground level is rife with panels that can be played alone or with others. Whatever a child is into they can find somewhere to play on the Two Top Khamun Playground. The structure comes in a Primary and Neutral color scheme that can be customized upon request.
