

Tire Eye Bolts (Set of 3)

MSRP \$29.80

SALE \$26.00

Tire swings are often the most popular pieces of equipment on a playground. There is just something magical about slipping into a tire that is far more appealing than a traditional swing. So much so that when other swings are empty on the playground, there is often a line of children waiting for their turn at the tire. For this reason, mounting hardware used for them must be reliable, durable and extremely strong. Child Works offers this Tire Eye Bolts (set of 3) that are made for commercial use so they are resistant to wear-and-tear. They are easy-to-use and priced just right. The last thing that you want to keep up on is maintaining hardware; when you use the right pieces, it does not have to become a concern.
