

Sutcliffe Leisure Wide Flat Seat

MSRP \$134.00

SALE \$114.00

Age Group: 2 to 12 years

It is unfortunate that many children do not have the opportunity to enjoy swinging on a lovely day because some seats are just a little too small to get comfortable on. The Sutcliffe Leisure Wide Flat Seat by Child Works offers plenty of room for anyone to get cozy. The seat measures an impressive 17 inches long and 8.75 inches wide. It also has rounded corners to reduce the risk of injury as well as a textured surface to prevent slipping when feet are reaching for the sky. This seat is designed for commercial use so it is made to last and meet CPSC guidelines. You even have the option of ordering with or without the A-brackets. This is a seat users will want to stay on and swing a little longer!
