The Plastisol Coated Swing Chain from Jensen offers customers a longer amount of coated chain than other models. The chain is sold individually. The chain comes in 5-1/2 and 8-1/2-foot lengths, both with 4-foot long sections of coated chain. The plastisol comes in four colors including blue, green, red, and yellow. The 3/16-inch chain is an industry standard and provides the same support as uncoated chain. Choose from available colors and lengths and receive a quote from AAA State of Play on your Plastisol Coated Swing Chain. The 5-1/2 feet model suits 8-foot high swing-sets and the 8-1/2 feet model suits up to 10-foot high swing-sets.
