MSRP \$1,477.00

SALE \$1,300.00

Highlights:

- ADA version is available
- Made of recycled Resinwood slats
- Choose from multiple color options
- Strong iron braces prevents sagging

The heavy duty constructed Recycled Plastic Galvanized Frame Picnic Table by Frog Furnishings is a modern designed table with a classic feeling. This table fits perfectly in any outdoor area, whether a park, amusement park, trail or wherever this bench is an excellent seating option for outside dining and socializing. The picnic table is made with five 2-inch x 10-inch Resinwood slats, and a galvanized 2- $\frac{3}{8}$ -inch. steel frame that has been hot dipped. Galvanized angle iron cross braces reinforce the steel frame to prevent sagging. The picnic table is available in blue, cedar, gray, green, or red. You can also choose between a green and black frame, which is available upon request. It comes in either 6-feet or 8-feet, and there is an optional ADA model. Heavy-duty zinc coated hardware is included with the Recycled Plastic Galvanized Frame Picnic Table.
