COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Camelot is coming to the playground nearest you in the Court of Kids Play Structure. Castle themed, it is sure to capture the attention of boys and girls alike. The knights among them will charge to the Rock Hole Climber to begin scaling the outcroppings surrounding the highest of towers. Those that are already royalty will be able to ascend up from the Transfer Station. The lower levels being filled with activities like the Ship's Wheel, Tic Tac Toe Panel, Castle Crawl Panel and the Single Drum in addition to the Transfer Station make the entire structure ADA compliant. As children head deeper into the structure they will be faced with a choice: which slide? Next to the Transfer Station is a Double Slide and a Right Turn Slide both at a 3-foot deck height. Further up at 5-foot and then 5.5-foot deck height is the Wave Slide and then a Spiral Slide. Add to their enchantment by choosing any of our color schemes or design a custom color scheme. Please note that all Castle Panels and crenels come only in a special Castle Gray color.
