

621 Bi-Level Group Grill

MSRP \$1,195.00

SALE \$1,016.00

Highlights:

- Two easy to move grates
- Long utility shelf on one side
- Strong, square post supports the grill
- More than double the cooking area on other models

Our 621 Bi-Level Group Grill features a large cooking area of 1008 square inches. Each grill includes a utility shelf as pictured for keeping utensils within reach and off the ground. Each grate can be moved independently of each other to create the optimum grilling situation for whatever you're cooking. The double sided nature of the grill allows for two different sets of food while using the same flame. A perfect addition for people with allergies or a combination group with vegetarian. The grill is supported on a sturdy 4-inch square post that is designed to take the wear, tear, and weight of barbecues for years to come.
