

650 Dual Grate Grill

MSRP \$675.00

SALE \$574.00

Highlights:

- Four different heights on either side
- Two grates allows for two cooking temperatures
- Works well in parks, campgrounds, and other outdoor venues

Parks are the place of get-togethers, parties, and even large events like family reunions. With the 650 Dual Grate Grill from Ultra Site, your patrons will have the grill space to feed even the biggest of clans. The grate has two cool coil handles to make it easy to shift the grate up or down as necessary. There are four different heights allowing for the variety necessary when cooking for many different appetites. The most unusual aspect of the design is the dual posts that are centered under either side of the grill. The double posts add higher level of stability. The black powder coat resists rust which is essential in an outdoor environment.
