There is something whimsical and inviting about this Modern Style Park Bench Swing by Webcoat. If you are looking to add a charming touch to your outdoor area, then this bench is what you need. This swing will blend in perfectly in any park, school, or business. The curved back and elegant armrests make the bench more comfortable while adding to its appeal. The seat is built from $\frac{3}{4}$ -inch #9 expanded metal that will last for years to come. The overhanging frame is made of 2- $\frac{3}{8}$ -inch steel, which is both sturdy and tough enough to handle regular usage by occupants of all shapes and sizes. The frame is powder coat painted and the seat is finished with a layering of textured polyethylene. If you'd like colors other than what's shown here, just speak with a AAA State of Play salesperson to learn more about scheduling and currently available alternate hues. The Modern Style Park Bench Swing uses an in-ground mount and is available in a 4 and 6-foot length option.
