It's rare that anyone ever calls a trash can "attractive," and yet, that's precisely the word that comes to mind with the Classic Style Trash Receptacle. From now on, you don't have to choose between utility and style when you install trash cans in eating areas and around your outdoor space. The Classic Style Trash Receptacle has a sturdy steel design that is playful and charming. It's meant to be used throughout the year, so it's fit to fight the seasonal weather changes. At the same time, you can customize it by adding a lid, liner, mount, and ashtray attachment, so it can meet the needs of your location. Messy people passing through the area will have to work hard to fill the receptacle's 32-gallon capacity. With the specifications you need and the design you want, there's no beating the Classic Style Trash Receptacle for your space.
