CPSC PUB #325

---

The Jamboree Play System was developed to withstand the harshest of climates while delivering consistent play. The dual Hurricane Spinners, wiggly walk, and rail slide offer a new twist to playground fitness. The curved end posts offer style and firm support. The fitness events lead up to an ADA transfer point and 4 foot high chute slide covered by a square ridge roof. A driving car panel and quick climber add fun play events. Available in multiple colors or plastic and metal.
