Fall Height: 96"

Use Zone: 24' x 46' 11"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Bring the joy of heights with the El Segundo Play System. Featuring an 8-foot Spiral Slide, the structure towers over the competition. The stairs, starting with the easy to use Transfer Station, wind up to a 3-foot deck with a Double Slide. For those that want a more direct route, the Vertical Ladder deposits climbers at the top of the Double Slide. Continuing up to a 4-foot deck, the Pod Climber makes its entrance. A final climber appears across from the Pod Climber attached to the 5-foot deck: the Zipper Climber. The Zipper Climber is made up of alternating rectangles on parallel vertical bars, making it easy for kids to zip to the top. Children will happen upon a Bubble Panel at the crest of the structure providing them with a view of the world below before sliding down the Spiral Slide. On the ground, children will find a comfortable Bench Panel and a Store Panel where they have plenty of imagination in-stock. Bring this structure to life with any combination of our custom colors or choose one of our set color schemes.
