In need of a tropical vacation? The Kapalua Beach Play System will have kids hearing the crashes of waves and feeling the sand beneath their toes. Adorned with many lush flairs, this unit will undoubtedly empower imagination-based play. The ground attachments supplement this system's creative motif by allowing children to pilot the Ship's Wheel or sell out a concert by playing on the Single Drum and Bongos. Inside the Kapalua Beach Play System activity panels line the walls. Kids can play a competitive game of Tic Tac Toe, learn about time telling or experiment with the Gear Panel. When it is time for a break the Spiral Slide, Double Slide, and Wave Slide supply children with a rousing finish to the fun had; making this unit one that'll be remembered fondly for years to come. Also, several colors are at your disposal when choosing this structure's palette. So don't hold back!
