

## Angeles Trike Maintenance Kit

**MSRP \$500.00**

**SALE \$450.00**

### Highlights:

- Contains 37 replacement parts
- 194 pieces in total
- Hardy storage container
- Helps in basic maintenance on your trikes

MyRider Trikes are built to last with welded and powder-coated steel frames. Therefore, they are items that can be passed down from one child to the next, or used for years on a playground. A little basic upkeep will keep them operating for a long time. The Angeles Trike Maintenance Kit can help. If you have a number of trikes at your park or daycare, this kit is essential! It contains 194 pieces, and this includes 37 spare trike parts that could prove to be very useful at some point. The great thing about the kit is that it is incredibly organized. All of the parts are contained in a sturdy storage box that easily expands so you can find exactly what you are looking for. Plus, it only weighs 14 pounds, so you will not exhaust yourself carrying it.
