Age Group: 1 to 3 years

Unit Size: Head Size 18" to 20"

There is nothing about a helmet that is traditionally appealing for a young child. Most are heavy, fit poorly and slide around. Not only is a poor fit uncomfortable, a helmet cannot do its job of protecting without a snug fit. It is far too often that an unfortunate event occurs and a proper fitting helmet could have made the outcome very different. This Toddler-Size Trike Helmet is recommended for children 1 to 3-years-old. They are vented to provide maximum comfort and they meet or exceed ANSI Z90.4. They are also Snell B95A and CPSC Certified and come with a one-year guarantee. The Toddler-Size Trike Helmet fits a head size of 18 to 20 inches and you will notice that it provides extra protection in the back where it is often lacking on other helmets. Use this sturdy, comfortable helmet to keep toddlers safe as they learn how to ride!
