Who says that playtime cannot be both educational and creative? These Road Signs (Set of 4) will inspire creative fun while teaching children to look for and recognize important signs. This set of four includes Stop, Yield, School Crossing and One Way signs, all of which are valuable to know when the child starts bicycling around the neighborhood or walking to school. These signs feature a wide base that will not tip over in the wind or topple because they are bumped, also adding an element of safety. They are also made from sturdy, weatherproof plastic to ensure that they last a long time. In fact, they come with a 3-year guaranteed warranty. These Road Signs (Set of 4) are vividly colored and boast proper shaping to coincide with actual signage. By providing realistic signs that children see everyday in a playground setting, children will learn about real world items all while having fun.
