Unit Size: Seat 5-1/2" high, Handlebars 20" high

This ClassicRider Super Cycle is sure to burn a ton of energy. It is comfortable for kids to operate and pedal, with safety features to offer peace-of-mind. Underneath that vibrant red paint is a welded, powder-coated frame, which means it will last and continue to look great by resisting rust. The seat has a supportive back and features a nonslip surface while the handgrips are made from heavy duty rubber so they are easy to hold. The wheels are not made that way just to look stylish; by eliminating the spokes, the possibility of injury is substantially reduced. Even the pedals are safe with non-exposed hardware. You will also appreciate that the long-lasting wheel bearings are self-lubricating so they do not need to be fussed with. This Super Cycle is recommended for children 4 to 8-years-old and it comes with a 5-year guarantee.
