Nearly everyone had a little red wagon growing up, and clearly, the novelty of this favorite item has not gone away. However, these classic pieces have been given a modern flair with this particular styling. The SilverRider Wagon can be used to pull a load or a child, as the side guardrails and sturdy tip-proof design ensure passenger safety. Solid rubber tires are designed without spokes to reduce the risk of injury as well. The upright handle stays in place and you can increase towing capacity by making use of the rear hitch. The durable chrome plating complements the vibrant red seat and wheels perfectly. A 5-year guarantee is included and it comes fully assembled and ready to use out of the box. Recommended for children 2 to 8-years-old.
