Have you found that when reading time comes, books are awfully abused as children sort through piles? Alternatively, perhaps you would like to give students the opportunity to pick a book for story time, but need a convenient way to display their choices. The Value Line Preschool-Age Book Display is perfect! It features four slots so books can be presented in a way that all titles and covers can be seen. You will also appreciate that it has safe, rounded edges and is resistant to scratches and stains. Not to mention, the material used is so durable that you will have this display for a long time. In fact, materials and manufacturing come with a lifetime warranty. Some assembly is required, but all necessary tools and hardware are included. The Value Line Preschool-Age Book Display is sure to be an asset to your classroom, day care center, or even your home.
