

## Angeles Value Line 20-Tray Storage

**MSRP \$425.00**

**SALE \$383.00**

### Highlights:

- Twenty cubby spots
- Sturdy construction built to withstand children
- Can be used plainly or with storage bins
- Just over 2' high to be the perfect size for young learners

**Unit Size:** 11-3/4" long x 3' 11-3/4" wide x 2' 2" high

Although there are often many storage units to choose from that offer 10, 12, and even 16 separate spots, sometimes this is not enough. What do you do if you need just a few more cubbyholes, but certainly do not need enough to warrant buying a second unit? What if you have 20 kids in a class and want to give everyone their separate space? Should some children be required to share? Well, they will not have to with the Value Line 20-Tray Storage. This unit is completely open with no bins, so you can place anything you want inside, or even add bins of your own. It is stain and scratch-resistant, easy to clean and features kid-friendly, smooth and rounded edges. All tools and hardware required for assembly are included, so you can put it together immediately, and start enjoying it right away.
