Teachers always have the hardest time keeping all of their craft supplies organized. Even if they find a unit to store the majority of items, the real dilemma is finding something that will hold poster board without it being wrinkled. The Value Line Multi-Section Storage unit is like a dream come true. There are 12 horizontal shelves and 4 vertical spaces to keep these large pieces of paper in premium condition. Below are 15 generous sized cubbyholes that items can be placed freely in, or that you can add bins to (bins are not included). This entire unit is easy to clean and resistant to scratch and stains, which is exactly what you need when dealing with kids and craft supplies. It is made in the USA, and comes with lifetime warranty on material and manufacturing defects, which tells you that this is a unit you will get your money's worth out of because it is made to last.
