

## Beige Polyethylene DOGVALET

**MSRP \$567.00**

**SALE \$414.00**

### Highlights:

- Refill with the [Litter Pick Up Bags](#) and [Liner Trash Bags](#)
- Dual dispensers for more reliability
- Easy to mount on posts or most places
- Polyethylene exterior that is corrosion resistant
- Contains bags while still making them accessible

**Unit Size:** 1' 2" x 1' 7" x 2' 8"

The Beige Polyethylene DOGVALET is the same as the aluminium box, but it is made out of molded polyethylene. It has a weight of just 30lbs, and is easy to attach onto gates and posts within your playground. The box still has a capacity for 400 bags, too, and allows you to provide ample amounts of litter pick up bags. By introducing a DOGVALET bag box, you will be able to set a good example to everyone in the area. You will also be able to reassure parents that the playground is a clean and safe place for their children to play. You receive a free box of litter pick up bags when you purchase the beige DOGVALET box, too. Don't fail your users - keep your playground clean.

The set includes a 4-feet long mounting post, 2 rolls of 200 DOGIPOT Litter Pick Up Bags, and 1 box of 50 DOGIPOT Liner Trash Bags.
