Unit Size: 1' 2" x 1' 7" x 2' 8"

DOGIPOT's Green Polyethylene DOGVALET gives you everything you need to keep your outdoor areas clean and cleared of doggy waste, all in a single purchase. Instead of picking out a bag dispenser, trash receptacle, and necessary mounting hardware separately, the DOGVALET gives it to you in a single, attractive unit. Up front, there are two diamond-shaped bag dispensers, perfectly situated for even those owners with overeager dogs to grab one as they pass by. The lock on the front makes it easy for you to add new bags as needed, although with a 400 bag capacity, that should be a rare event. The DOGVALET then also includes a receptacle, so dog owners can quickly place their doggy waste within afterward. Made with tough, rotationally molded polyethylene, the Green Polyethylene DOGVALET can keep your space fresh and inviting throughout the year. This product is also available as a Beige Polyethylene DOGVALET and Green Aluminum DOGVALET.
