A DOGIPOT pet station can help you ensure that anybody walking a dog in your park or play area is able to pick up after their pet. The station includes all of the necessary pieces to keep your park, dog park, or neighborhood clean. This unit includes an aluminum bag dispenser with two openings, a trash receptacle in either galvanized steel or aluminum, and an informational sign encouraging people to clean up after their dogs. You'll also receive a boxed roll of litter pick-up bags and a boxed roll of trash bags with your order, so you'll be able to get your pet station up and running as soon as it arrives.

This all-in-one pet waste station gives dog owners everything they need to maintain cleanliness and hygiene in public spaces. The aluminum bag dispenser is designed to be user-friendly and durable, with two openings allowing for easy access to the pick-up bags. This means multiple users can conveniently grab a bag without causing delays or congestion around the station. And the trash receptacle is sturdy and built to withstand harsh weather conditions, ensuring that it remains functional and presentable throughout the year and for years to come.

DOGIPOT's pet station not only provides a practical solution for waste management but also promotes responsible pet ownership and community cleanliness. Offering a designated place for dog waste disposal encourages dog owners to pick up after their pets, reducing the amount of waste left on sidewalks and in parks and other public areas.
