The Green Aluminum Header Pak Pet Station is a sturdy solution to ensuring that any dog waste is disposed of properly. In this kit, you will receive an aluminum bag dispenser and your choice of either galvanized steel or aluminum trash can. In addition to this, you get a total of 400 Header Pak Litter Pick Up Bags and 50 Liner Trash Bags. The aluminum sign that also comes in this package will make it clear just what your rules are for the area, including whether you'd like dogs on leashes or if they're free to run without one. Finally, you will receive the 8-Foot Galvanized Steel Telescopic Square Post, so you can mount your pet station right away. In other words, if you want a one-stop, one-purchase solution to your dog waste issues, this is it.

DOGIPOT also offers the pet station in two other varieties: the Green Polyethylene Pet Station and the Green Steel Pet Station.
