- Makes sure owners understand whether or not the dog must be on the leash

**Unit Size:** 1' x 1' 6"

In the US, it's down to the owner of the playground to decide whether dogs are allowed to be left off their leash or on the leash on their premises, which is why it's necessary to have a sign on your land. The Aluminum On-Leash Pet Sign allows you to let your visitors know whether their dogs can be let off their leads or not. This particular sign will tell people with dogs that their dogs need to remain on the leash all of the time. The sign says this very clearly so that there is no confusion. The Aluminum On-Leash Pet Sign comes alone. The 8-Foot Galvanized Steel Telescopic Square Post and Green Aluminum Junior Bag Dispenser are sold separately.
