Unit Size: 48" x 12" x 27"

The Value Line 4-Foot Wide 2-Shelf Storage unit is a welcome addition to every classroom, preschool, and child's play area. It is generously long, so it is perfect for train tracks and other large toys. It will hold a nice amount of books as well. Items can be stored on both shelves as well as on top, and since the edges are all rounded, you can have peace-of-mind allowing young children around it. The panels of this unit have been made from thick maple-faced melamine. It is easy to clean, so you do not have to be concerned with dirty fingers getting all over it, and it resists stains, which is helpful if those fingers are dirty from finger-paint! This is a product made in the USA and built to last with an outstanding lifetime warranty against defects.
