

Tess Modular Playground

Price \$11,114.00

Age Group: 2 to 12 years

Footprint: 12' x 18'

Use Zone: 24' x 30'

The Tess Modular Playground is designed with versatility and your budget in mind and is available with two post sizes for optimal savings. This equipment is perfectly suited for smaller playgrounds in limited spaces. With its modular design, Tess allows for future expansions, allowing you to enhance and diversify your playground over time without starting from scratch. Each Tess playground structure is meticulously custom-built according to your preferences, with a wide range of vibrant color options to choose from for both the play components and the metal structure, allowing for a fully personalized playground that can match your location's theme or aesthetic.

Ideal for community playgrounds, parks, day-care centers, and schools, the Tess Modular Playground combines fun with functionality. The structure is designed to support physical and cognitive skill development for children ages 2 to 12 with features like two slides, two interactive panels, and an arch climber. It also has a transfer station for accessibility, allowing children who use wheelchairs to join in the fun.

The Tess Modular Playground is built for safety and durability, incorporating materials and construction techniques that meet rigorous safety standards, so you can create a reliable, long-lasting play environment where children can explore and learn through play. It also comes with installation instructions to help you get your new play structure up and running. [\[Read More\]](#)
