The Value Line Overhead Diaper Storage unit is one of those things that you truly cannot appreciate until you have one. If you run a daycare, baby-sit, or are a busy parent, you know that you never have enough diapers or one is never where you need it. This unit mounts on the wall and allows you to have absolutely everything that you need at your fingertips. Nine cubbyholes let you stock diapers of various sizes in an organized way while these spaces underneath house all your supplies, such as wipes, baby powder and lotion. It is stain and scratch-resistant, cleans easy and comes with a lifetime warranty on materials and manufacturing defects. All of the hardware and tools that you need are provided in the package, and this storage unit is made in the USA.
