**Unit Size:** 11.5" diameter x 1' 11" high

The 10 Gallon Green Polyethylene Waste Receptacle keeps your park, playground, and outdoor doggie areas free of the sight, smell, and health risks of dog waste. This simple but hardy trash bin easily attaches to a 2-inch square post, and all the hardware you need is already included with the purchase. With this receptacle in place, you can be sure dog owners know right where to put their animal's leavings, while children will know they should stay well clear of it. The attractive forest green color allows it to look natural in any nature setting, even while it is conspicuous enough to catch the eye of those with a bag they need to dispose of. Set this receptacle up anywhere dogs are often present and watch as your space quickly becomes cleaner and more pleasant smelling. For even more durable dog waste receptacle options, DOGIPOT offers the 10 Gallon Green Galvanized Steel Waste Receptacle and the 10 Gallon Green Aluminum Waste Receptacle.
